FLEXIBILITY OF A LOCAL NETWORK WITH POS, AND APEX

Point of Service (POS)

- With a POS plan, your employees have in-network access to 99% of the doctors in our eight-county service area. More than 700,000 members are enrolled in our POS plans. They're flexible and the most affordable for those who get health care close to home.

Apex

- Apex is a high-performing network made up of primary care providers (PCPs) and specialty groups who consistently deliver high-quality care at lower costs.
- Members pay in-network cost shares for visiting PCP and specialty groups that meet quality and efficiency standards. All other providers are considered out of network if visited for nonemergency care.
- Available to employers headquartered in Erie and Niagara counties.
- Prescription drugs are an important part of your employees' coverage. The list of drugs that a plan covers is called a formulary. These plans offer the Essential Formulary, which has:
 - A closed formulary, meaning the plan only pays for drugs on the formulary; non-formulary drugs are not covered.
 - Generics, brands, and specialty drugs are mixed between tiers.
 - A \$750 member cost share cap on Tier 3 drugs.

COVERAGE BEYOND WESTERN NEW YORK WITH PPO AND EX

Preferred Provider Organization (PPO)

- Our PPO network offers great local coverage and goes the distance with employees who live or travel outside our service area.

Expanded network (EX)

- The EX network offers great local coverage, plus in-network access to doctors outside our region.
- It works best for those living or working in the eight-county service area, but are receiving treatment or services elsewhere. Your employees must choose a participating PCP in our service area who will coordinate care in and outside the region.

Important plan details

Out-of-pocket maximum calculation includes deductible, copayment, and coinsurance.

- 1 Primary care cost-sharing amounts also apply to outpatient: mental health, behavioral health, substance abuse, chiropractic, physical therapy, speech therapy, and occupational therapy office visits.
- 2 Rx information displayed: Retail up to 31-day supply. NOTE: Member's maximum coinsurance payment for a Tier 3 Rx is \$750 on Apex plans only.
- 3 Integrated Rx plans include all medical and prescription claims accumulating toward one overall deductible.
- 4 Embedded plans: In this approach, an individual family member can be eligible for payment of benefits upon meeting the individual deductible amount (even if the rest of the family has not met the family deductible amount). Additionally, an individual family member's out-of-pocket (OOP) maximum will be the same as that of a member purchasing individual coverage for the specified health plan.
- 5 A health savings account (HSA) is available to employees. Employer contributions in amounts that exceed annual federally mandated maximum(s) may result in actuarial value changes that may impact compliance as a qualified health plan.
- 6 Non-embedded plans: In this approach, the entire family deductible must be met before any family member is eligible for payment of benefits. Additionally, the entire family out-of-pocket (maximum) must be met before the plan begins paying 100%. One family member may satisfy the entire family deductible and/or OOP.

Blue Distinction® Specialty Care is a registered mark of the Blue Cross Blue Shield Association. Blue Distinction Centers (BDC) met overall quality measures, developed with input from the medical community. A Local Blue Plan may require additional criteria for providers located in its own service area; for details, contact your Local Blue Plan. Blue Distinction Centers+ (BDC+) also met cost measures that address consumers' need for affordable health care. Each provider's cost of care is evaluated using data from its Local Blue Plan. Providers in CA, ID, NY, PA, and WA may lie in two Local Blue Plans' areas, resulting in two evaluations for cost of care; and their own Local Blue Plans decide whether one or both cost of care evaluation(s) must meet BDC+ national criteria. Total Care ("Total Care") providers have met national criteria based on provider commitment to deliver value-based care to a population of Blue members. Total Care+ providers also met a goal of delivering quality care at a lower total cost relative to other providers in their area. Program details are displayed on www.bcbs.com. Individual outcomes may vary. For details on a provider's in-network status or your own policy's coverage, contact your Local Blue Plan and ask your provider before making an appointment.
