

2025 Preventive Schedule

Plan your child's care: Know what your child needs and when to get it

Preventive or routine care helps your child stay well or finds problems early, when they are easier to treat. Most of these services may not have cost sharing if you use the plan's in-network providers. Make sure you know what is covered by your health plan and any requirements before you schedule any services for your child.

Services include Bright Futures recommendations. CHIP members may have additional preventive services and coverage. Please check the CHIP member booklet for further details of CHIP coverage of preventive services.

It's important to talk with your child's doctor. The frequency of services, and schedule of screenings and immunizations, depends on what the doctor thinks is right for your child.

* FDA-approved contraceptive methods may include sterilization and procedures as prescribed. One or more forms of contraception in each of the 18 FDA-approved methods, as well as any particular service or FDA approved, cleared or granted contraceptive product that an individual’s provider determines is medically appropriate, are covered without cost sharing. Exception Process: Your provider may request an exception for use of a prescribed nonformulary contraception drug due to medical necessity by completing the online request form. When approved, the prescribed drug will then be made available to you with zero-dollar cost share. Note: On page 2 of the form under the title Prior Authorization reads “Contraceptives require a statement of medical necessity only”. The following link works for all states. [<https://content.highmarkprc.com/Files/Region/PA/Forms/MM-056.pdf>] Only FDA approved contraception apps, which are not part of the 18 method categories, and are available for download to a cell phone are reimbursable through the paper claim process with a prescription. Members need to submit three documents to obtain reimbursement; 1) completed the paper Claim Form: [https://www.highmarkbcbs.com/redesign/pdfs/mhs/Medical_Claim_Form.pdf] Under section DIAGNOSIS OR NATURE OF ILLNESS OR INJURY – write “contraception app purchase” 2) receipt of payment for the FDA approved contraception app, 3) provider prescription for the FDA approved contraception app.

Discrimination is Against the Law

The Claims Administrator/Insurer complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex, including sex stereotypes and gender identity. The Claims Administrator/Insurer does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex assigned at birth, gender identity or recorded gender. Furthermore, the Claims Administrator/Insurer will not deny or limit coverage to any health service based on the fact that an individual's sex assigned at birth, gender identity, or recorded gender is different from the one to which such health service is ordinarily available. The Claims Administrator/Insurer will not deny or limit coverage for a specific health service related to gender transition if such denial or limitation results in discriminating against a transgender individual. The Claims Administrator/Insurer:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Civil Rights Coordinator.

Information About the Affordable Care Act (ACA)

This schedule is a reference tool for planning your family's preventive care, and lists items and services required under the Affordable Care Act (ACA), as amended. It is reviewed and updated periodically based on the advice of the U.S. Preventive Services Task Force, laws and regulations, and updates to clinical guidelines established by national medical organizations. Accordingly, the content of this schedule is subject to change. Your specific needs for preventive services may vary according to your personal risk factors. Your doctor is always your best resource for determining if you're at increased risk for a condition. Some services may require prior authorization. If you have questions about this schedule, prior authorizations, or your benefit coverage, please call the Member Service number on the back of your member ID card.

Information About Children's Health Insurance Program (CHIP)

Because the Children's Health Insurance Program (CHIP) is a government-sponsored program and not subject to ACA, certain preventive benefits may not apply to CHIP members and/or may be subject to copayments.

The ACA authorizes coverage for certain additional preventive care services. These services do not apply to "grandfathered" plans. These plans were established before March 23, 2010, and have not changed their benefit structure. If your health coverage is a grandfathered plan, you would have received notice of this in your benefit materials.
